

ART OVERCOMES:

“An exhibit celebrating Healing, Comfort, Recovery & Joy!”

We are creating a new art exhibit at the Center. One that celebrates the healing power of art and the strength of the people in our community. Their creations are part of a journey of hope, healing and courage. Art has the power to uplift us and help us navigate life’s challenges: recovery, grief, loss, diagnosis and more. No matter the struggle, art can help us “Overcome”

Anyone who has been helped through the power of “**creative expression**” is eligible to enter. Each “artist” may submit up to two pieces. There are no submission fees for this show.

- Show opens Friday, November 12, 2021 and runs through the end of December.
- Submissions accepted August 15 - October 18, 2021
- To submit images of your work online, contact: director@thejacklincenter.org
- For questions call: **(208) 457-8950**

I’m looking forward to this show and celebrating with you!
