

ART UPLIFTS:

“An exhibit celebrating Healing, Comfort, Recovery & Joy!”

We are creating a new art exhibit at the Center. One that celebrates the healing power of art and the strength of the people in our community. Their creations are part of a journey of hope, healing and courage. Art has the power to **Uplift** us and help us navigate life’s challenges: recovery, grief, loss, diagnosis and more. No matter the struggle, situation or journey; Art can Uplift us.

Anyone who has benefitted from the power of “**creative expression**” is eligible to enter. Each “artist” may submit up to two pieces. There are no submission fees for this show.

- Show opens Friday, March 24th and runs through May 19, 2023.
- Submissions accepted now through March 10, 2023
- To submit images of your work online, fill out the form here:
